EECS Thesis/Research/Project Registration

Semester: **Select one:**   **Select one:**

Number of credits: **Select one:**   **In-Person**   **Remote**

Select in-person if you expect to do any of the research or project work on-campus and/or if you will be meeting with your supervising faculty member in-person. Select remote only if 100% of your work will be done remotely.

The thesis/research/project work in these courses must be supervised by EECS faculty. If your thesis advisor is not an EECS faculty, your co-chair (EECS faculty) must also approve the registration. Fill in all required data and sign the form electronically using Adobe.

Student Name: **Student #:**

Phone #:   **Student e-mail:**

Supervising Faculty: **Faculty e-mail:**

Description of Thesis/Project:
(Note: Students registering for EE 596 must attach a short syllabus for the planned work)

Criteria to be used for assigning grade (to be completed by supervising faculty):

Grad students with supervising faculty who are not EECS faculty must obtain the signature of both the supervising faculty and a committee co-chair, who must be an EECS Graduate Faculty member and be tenure-track/tenured in EECS or have a joint appointment in EECS.

Supervising Faculty signature: Date:

Co-chair signature: Date:
(if supervising faculty is not EECS)

Student signature: Date:
